SECRET INVASION RUNAWAYS & YOUNG AVENGERS

Shape-shifting alien Skrulls have invaded Earth. They possess highly advanced technology, a massive armada of warships, enough soldiers to occupy the planet, and a secret weapon—Super-Skrulls, who can imitate the powers of multiple super heroes.

When the Skrull invasion of Earth commenced, the Skrull Xavin ambushed her fellow Runaways, hoping to save their lives. She convinced them to leave New York, while she stayed behind to help quell the invasion. But when she reached the battlefield and saw the Young Avenger Hulkling—who is half Skrull and prophesized to be the savior of the Skrull race—in mortal danger, she made it her mission to extract him from the fray.

However, trouble followed her off the battlefield. Under orders made by Commander Chrell, Xavin's mentor, Super-Skrulls pursued the pair, seeking to execute Hulkling. And even though a timely assist from the Young Avengers Wiccan and Speed allowed Xavin and Hulkling to escape, the Skrulls continue their pursuit.

Meanwhile, the Runaways find themselves in trouble of their own: unable to escape New York and in the clutches of Chrell himself...
